

## **SUPERPOWERS FIGHT FOR DOMINION OVER EARTH**

**This is a compelling and exciting new novel which underscores the necessity of spiritual growth and awareness to save the human race.**

**It involves awakening into the bigger picture and clearly indicates that we need to take responsibility for ourselves and for our home planet. You will be riveted by the notion that the events in the story have a basis in fact.**

**This book reveals provable details of the battle between those called Black Hats and White Hats involving secret hidden agendas for our future on Earth. Will we be allowed to join our galactic family or will we destroy our home planet? Kate and her off world team of space travellers are in danger as they try to alert the public.**
